

Carl Segan – For Congress 10th District of Texas (TX-10)

Republican • Conservative Voice • Texan Values

“Our Freedom, Our Voice, Our New 10th District”

Who I Am

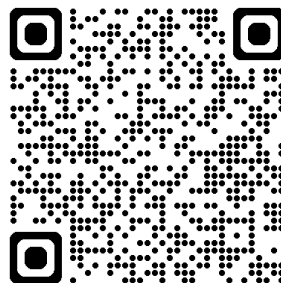

I am not a career politician; I am your neighbor. I served 24 years in the U.S. Army, deployed to Iraq and Afghanistan, and retired in 2020. I know the struggles of rural families, veterans, and working Texans. I will always work for TX-10 like it is my own family, because it is.

Why I’m Running

Everybody ranks things on a scale of one to ten, and we are Texas 10. We should be the gold standard. TX-10 is built on farms, ranches, energy, small businesses, and hardworking families. Washington may have forgotten us, but I haven’t. We deserve a strong voice in DC that puts our district first.

My Focus

I’m here to support the families and communities of TX-10. My focus is simple: bring resources back to our district to fix roads, keep schools strong, make communities safe, keep hospitals open, and expand access to veterans’ care across rural counties. At the heart of it all are our family values, faith, hard work, and responsibility. This is the foundation that makes our communities strong.

Support the Campaign

Getting on the ballot and reaching every rural corner of our district takes resources. Your donation helps pay for mailers and flyers so voters across TX-10 know who is standing with them. If you want to see my name on the ballot and in mailboxes throughout the district, I need your support.

The Texas Primary is March 3, 2026. If you stand with me, I will stand for you. Together, we can make TX-10 the gold standard in protecting family values, communities, agriculture, and businesses.

Personal Pledge

“I will listen to the people of TX-10 and cast my votes based on your priorities, not on pressure from lobbyists or party bosses.”
